General Counsel

Contracts [REDACTED]

STATSPEC

STATINTL

1. Returned herewith are the two above-identified agreements. As noted in your memorandum of 11 May, they are not formal contracts but are statements of understanding of a relationship existing between this office and officers of [REDACTED]

2. It is understood that there is sufficient detail in the supporting papers on which payment is made to establish the rates involved and the fact that the United States Government got the benefit of the services specified. Although the documents attached hereto are incomplete on their face, they have been approved by this office as statements of a basic understanding to support payment of obligations properly chargeable to the United States Government.
